VREA

The mission of the Vermont Retired Educators' Association is to promote and advocate for the social and economic welfare of all retired members and Vermont seniors.

Vermont Retired Educators' Association is seeking retired individuals who performed any service to a student in an educational setting.

The association collaborates with AARP Vermont on behalf of retired people and ensures that they have access to the state's retirement benefits and services.

Affiliated with the National Teachers' Association, our association also supports continuing education of students in the Vermont Department of Corrections custody through annual scholarships.
