

EDUCATOR CANDIDATE SCHOOL

EDUCATORS' VOICES ARE NEEDED NOW MORE THAN EVER!

It's time educators and Vermont-NEA members had a more expansive role in shaping the policies and legislation that impact our students and public schools. The goal of Vermont-NEA Educator Candidate School is to train and support educators on important skills necessary to successfully run for office at the local and state level in Vermont. Accepted participants will deepen their knowledge and skills related to organizing, fundraising, and messaging to help win election to public office.

"We know many Vermont-NEA members already serve their local communities in elected positions, but more union educator voices are needed to advocate for change in Vermont."

- Vermont-NEA President Don Tinney
