

THE UNION OF VERMONT EDUCATORS

These resources are being pulled together from our members, Facebook posts, and a variety of other folks. It would be great for folks to also post examples of how you are organizing your assignments, tools you are using for communication, etc.

To navigate, click “Control” and “F” and a search bar will appear in the upper left corner. Also note, that having the links here is not a recommendation to use the materials. Feel free to add a comment in the third column if you have found the material helpful, not effective, or how you have used it. Again, we want to help each other through this difficult time.
